TECH TRENDS

FOR LEADERS IN EDUCATION & TRAINING

INDEX TO TITLES

A

Applying Computer Graphics Technology in Media Production, by Larry Johnson and Annette Lamb, No.2, p. 8
A Role for Message TV, by David W. Stamps, No.4, p. 12
Assessing future business/education linkage, by J. Bryant VanCronkhite, IMO, No.4, p. 58
Automating the school library media center, an ERIC bibliography, by Nancy Preston, SLR, No.4, p. 53

B

Bringing information power to the school library media center, by E. Wayne Harris and Carol W. Franz, SLR, No.4, p. 48

C

Characteristics of at-risk youth and the library's role in dropout prevention, by J. Gordon Coleman, Jr., SLR, No.4, p. 46
Collaborative Partnership for Technology Adoption: A Working Model in Louisville, by Carolyn Rude-Parkins and Martha Hancock, No.1, p. 3
Computer Graphics Lunch-Time Option and the At-Risk Student, by Loretta G. Kepler, No.4, p. 24
Computer style/grammar checker programs, by Robert C. Wiseman, SLR, No.4, p. 51
Computers for Special Education: Planning for the 1990's, by Roberta Wiener, No.4, p. 18
Computers in 2001: Preparing Educational Administrators, by Virginia Garland, No.3, p. 17
Coping with difficult teachers, by Robert A. Gray, SLR, No.3, p. 50
Copyright and multimedia productions, by Rosemary Talab, CC, No.1, p. 29.
Creating Long-Term Collaboration: The BYU-Public School Partnership Experience, by Edward E. Green and R. Carl Harris, No.1, p. 12
Creativity and Video Production, by George T. Yeamans, No.2, p. 28

D

Developing effective instructional technology plans of work: an interdivisional approach, by James K. Carroll, MMJ No.5, p. 50
Discis Books: Interactive Computer Books for Children, No.5, p. 35
Do-It-Yourself Databases and the LAN, by John Ashby, No.3, p. 8
Do You Know Your Modem's AT?, by Sunil Hazari, No.3, p. 25

F

Finding a Home for Instructional Computing: What's so Different About Computers?, by Paul Schlieve and Terry Holcomb, No.6, p. 25

H

Hastings College: Laboratory for Harnessing Television, by Richard Mullen, No.6, p. 18
Higher education media management in the 90s, part one, administration of media centers, by Gary L. and Janet I. McConeghy, MMJ, No.5, p. 54
Higher education media management in the 90s, part two, media distribution, by Gary L. and Janet I. McConeghy, MMJ, No.6, p. 44

I

Improving media production design skills through the use of a design analysis checklist, by William D. Schmidt, MMJ No.6, p. 47
Indiana's Buddysystem Links School and Home, No.4, p. 36
Interactive Video-The Barriers Have Fallen, by J. Philip Stack, No.2, p. 38
Issues in professional ethics, by Randall G. Nichols and Paul W. Welliver, ET, No.1, p. 32
Issues in professional ethics, by Joseph Marrone and Paul W. Welliver, ET, No.2, p. 41
Issues in professional ethics, by Peter J. Dean and Paul W. Welliver, ET, No.4, p. 60
Issues in professional ethics, by Paul W. Welliver, ET, No.6, p. 52
Is this the time? yes. . . yes. . . yes, by Jerry Kemp, IMO, No.1, p. 36
I.U. and Purdue-Partners in Fort Wayne, by Ken Balthaser, No.1, p. 10

L

Laboratory-Based Technology Education at Motorola, by Joanne B. Willard and Arthur E. Paton, No.6, p. 10
LDC Projectors: An Evaluation of Features and Utilization for Educators, by Curtis E. Fawson, No.5, p. 19
Let's stop ignoring "outside of school," by Barbara Seels, IMO, No.2, p. 52

M

Media resources: from the rosetta stone to the rolling stones, by Andrew R.J. Yeaman, IMO, No.3, p. 60

N

Networking Projects Around the United States, by Nancy A. Klinck, No.3, p. 30

P

Preparing Math and Science Teachers to Use Technology, by Ann Shore, Cheryl Mason, Gini Pedersen and Barbara Armstrong, No.2, p. 14

S

Satellite Technology Provides Link for Math and Science Education in Pennsylvania, by Nancy McIntyre, No.1, p. 6

T

Teleapprenticeship Partners Program: The Lunch Project, by Michael Waugh and Barbara Brehm, No.1, p. 21
Ten tips for terrific videotapes, by Jack A. Bennett, SLR, No.3, p. 48
The Technology Classroom: Alternatives for Future Planning, by Curtis Fawson and D. Dean VanUitert, No.4, p. 28
TOM or Why My Junior High Pupils Stopped Hating Periodicals Research, by Esther Sinofsky, No.5, p. 26
Tools of the Courseware Trade: A Comparison of ToolBook 1.0 and HyperCard 2.0, by Lorinda L. Brader, No.5, p. 10
Trends and Issues in Educational Technology: 1989, by Donald P. Ely, No.4, p. 9
Trends in Resource Sharing-The Florida Experience, by Susan Anderson and Isaac Call, No.1, p. 17

U

Using Interactive Video Courseware to Teach Laboratory Science, by Loretta Jones and Stanley Smith, No.6, p. 22
Using Micros for Test Development, by Arlen Gullickson and Dale Farland, No.2, p. 22
Using Multi-Image Presentations to be a More Effective Communicator, by Addison Steven, No.5, p. 30

V

Videoconferencing to Help Build a State Network, by John Barnard, No.3, p. 12
Videodiscs: An Overview, by Doug Kranch and Charles Forrest, No.2, p. 18
